

Women's Ministry in Thailand

March 2011

*"So will My Word be which goes
forth from My mouth; it will not
return to Me empty, without
accomplishing what I desire."*

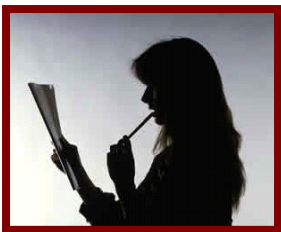

Isaiah 55:11

Mary's Update

Dear Praying Friends,

I have wonderful news regarding the latest results of my eye condition. The vessels in the central part of the eye appear to have stopped leaking fluids and the swelling of the macula has gone down significantly. The doctor has discontinued the Avastin injections three months ago and continues to monitor any changes. I am pleased to report that my eyesight has improved greatly, although not to the point of perfection. However, I am so grateful to the Lord for His goodness and mercy.

Challenging Doctor

God always allows trials for special purposes. The government medical plan I have requires certified documents from a local doctor every time before I can see other professional doctors for any treatment. God specifically allowed me to fall under the impossible doctor who refuses to issue these needed documents to most patients, but I was able to get them by God's miracle every time. This impossible local doctor is very much hated by most people and no one desires to be around her. Knowing her problems, I prayed for her faithfully and began showing her kindness in a tangible way. As a result, God opened the door for me to share the gospel of God's love and forgiveness with her and she listened to it with an open heart! Please pray that God may use the Word implanted in her heart to lead her to salvation.

Kind Ophthalmologist

God is always good in the midst of all trials. While facing eye problems and dealing with my personal financial crisis, I had no idea what to do or which doctor to turn to for the best treatment. As I earnestly sought God's wisdom and guidance, He faithfully met all of my needs. In His Sovereignty, I was led to an excellent and kind eye doctor in the country. Praise God for the treatment I have received through him, which has resulted in a rapid improvement to my eye condition. In addition to this encouraging medical news, I am also thrilled to report that I have been able to present the gospel to my doctor and other staff members at this particular hospital. Whatever struggles I have been going through, it's been worth the trial because I have been able to present the good news to the lost!

OMF Women's Retreat

Praise God for the honor He gave me as a guest speaker for the first woman's retreat of OMF missionaries. Previously, I have never been afraid of addressing a crowd, but this time was different because my audience was missionaries. While I felt so inadequate in their midst, I sensed God's power and strength during my entire presentation. Their response was very encouraging and the name of the Lord was greatly praised!! I thank the Lord for the privilege of ministering to those missionaries who are serving Him right here in my own homeland.

Women's Seminar

A special Women's Seminar has recently begun at a local Thai church and it will continue until the first weekend of April. I am excited about this great opportunity to teach God's Word to Christian women concerning their roles and responsibilities with my presentation entitled "God's Will for Women". A good number of ladies showed up at this small church and their response to the teaching has been very positive. It is exciting for me to finally witness a Thai church where their leadership, their missionaries and I are all embracing the same doctrine. I consider this as a special treat from the Lord after feeling as if I was standing alone against the tide for so many years. ☺ Please keep on praying that the Lord may use this special seminar to open many doors so that His Word may go forth to make an even bigger impact throughout Thailand!

In Him,

Chanaddah Chaisakorn
