

Women's Ministry in Thailand

July 2011

“And my people who are called by My name humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, will forgive their sin and will heal their land.”

2 Chronicles 7:14

Mary's Update

Dear Praying Friends,

After reviewing the important key points which brought about a spiritual revival in Cali, Columbia (a well known wicked city), our women's ministry was encouraged to seek the Lord in sanctifying our hearts. In April, we began a weekly day of prayer to truly humble ourselves, pray, seek God's face and turn away from our sins, according to 2 Chronicles 7:14. As a result, our spiritual lives have begun to change. Our prayer, personal Bible study and scripture memorization times have become a joy rather than a burden. God, in His faithfulness, has been revealing habitual sins in our personal lives and leading us to a true repentance. He is also causing us to hunger and thirst for His righteousness all the more. In addition, we are experiencing strong attacks from unseen enemies in various forms. Regardless of these unpleasant circumstances, we are looking to God and clinging to His promises as stated in Rom.8:28 and James 1:2-4.

Bible Study via Skype

I praise God for using today's technology as a channel to allow many ladies in different parts of the world to join our live weekly Bible study via Skype. It is so wonderful to be able to see everyone's face at the same time on a computer screen. This means that ladies in the eastern part of the U.S. stay up from 10:00pm until 2:00am and those in Europe get up at 3:00am and stay up until the four hours of Bible study are complete. This is not pressure for them, but a joy because of their hunger for God's truth. Praise the Lord!!!

Co-Teacher

All these years, I have been longing to see God raise up someone to be my faithful Timothy, to come alongside me as an assistant in teaching and discipling. I now rejoice in God's goodness as He has been using Benz as a faithful disciple of Christ. She has been discipling women in Chattanooga, Tennessee while helping me lead our weekly Bible study group. Her willingness to be used by God in any way is a great encouragement to everyone in our ministry. In addition, a few other ladies are beginning to disciple others. It is exciting to see the principle

of 2 Tim.2:2 becoming a reality in our midst. Whenever I conduct a seminar, I am thankful to have a few faithful ladies by my side for support and encouragement.

Speaking Trip

While I am planning a trip to Europe for an upcoming speaking engagement, I am comforted to know that the ladies back home will continue to be spiritually fed in spite of my absence. God has given me an opportunity to be a guest speaker at a women's retreat for an International Church in Munich, Germany this coming Fall. Please join me in prayer asking the Lord to go before me to prepare these women's hearts. Also, please pray that the message I bring them will meet their specific spiritual needs and that His name will be exalted on high. Besides ministering to the International Church women, my trip (which begins in Sep. 1st through Nov. 15th) will also involve some teaching among Thai women whom I have previously taught and trained in both Germany and Switzerland.

A Full-Time Helper

God has brought wonderful changes to Ann's life after she once thought she didn't want to continue living. Today, Ann is a new person. She has been steadily growing in her walk with God. Ann has been seeking the Lord for guidance regarding her future path. She strongly believes that she is called to minister to women to fulfill the great commission of this generation. Please remember Ann in your prayers as she has already turned in her resignation from her secular job. She plans on joining our women's ministry full time this September. I have seen a teachable spirit in her and will continue to train her in different areas so that she can become a channel of blessing in the Lord's work.

In Him,

Chanaddah Chaisakorn

P.S. I am grateful for the improvement in my eyesight to about 80 percent. So far everything appears to be very positive. The monitoring process continues.
